Re: Notice of Ex Parte Presentation, MB Docket No. 16-42, CS Docket No. 97-80

Dear Ms. Dortch:

On September 7 and September 8, I spoke by phone with Michelle Carey, Deputy Bureau Chief of the Media Bureau, to review elements of an ex parte submission filed on behalf of Roku in the above-referenced proceedings.<sup>1</sup> We discussed the market for over-the-top video-streaming devices and Roku's proposal that if the Commission pursues an apps-based approach for improving video navigation, it should require MVPDs to develop apps for multiple video-navigation platforms that are widely deployed in the United States.

Please contact me with any questions.

Sincerely,
